

Customer WeedEnder Project Specifications

CUSTOMER NAME	Print Name
CUSTOMER PO #	Signature
Project Name/Number	Date

1) **What COLOR WeedEnder do you prefer?**

GREEN
 BLACK

2) a **LENGTH of WeedEnder Required**

 Linear Feet
 Miles
 Square Yards

2) b **WIDTH of WeedEnder Required**

1 Ft 3 Ft 5 Ft 7 Ft Does project have a combination of different Widths
 2 Ft 4 Ft 6 Ft 8 Ft (specify below)

3) **Will WeedEnder be installed under NEW Construction or EXISTING Structure?**

NEW
 EXISTING

4) **Will the material be attached to CONCRETE, ASPHALT, DIRT, GRAVEL, etc? (please specify below)**

5) **What type of SOIL conditions exist? (sandy, rocky, loose, hard, etc)**

6) a **What will WeedEnder be USED UNDER?**

<input type="checkbox"/> Guardrail (single or double)	<input type="checkbox"/> Chainlink Fencing	<input type="checkbox"/> Signs
<input type="checkbox"/> Guardrail (median)	<input type="checkbox"/> Beautification Area	<input type="checkbox"/> Delineators
<input type="checkbox"/> Cable Guide Rail	<input type="checkbox"/> Ped-Mat (For Telephone Pedestals)	<input type="checkbox"/> Hydro-Mat (For Fire Hydrants)
<input type="checkbox"/> Other - please specify: _____		

6) b **If used around TELEPHONE PEDESTALS...**

Choose One: Ped-Mat 1 - For Round Pedestals
 Ped-Mat 2 - For Square or Rectangle Pedestals
 Ped-Mat 3 - No punch - cut to fit

6) c **If used around FIRE HYDRANTS...**

Choose One: Hydro- Mat - 36" Diameter (OD)
 Hydro- Mat - 48" Diameter (OD)

6) d **If used under SIGNS or DELINEATORS...**

1 How Many Posts in Sign? 1 2 3
 2 What size Mat do you prefer?
 2' X 3' 4' X 4' 6' X 6' 6' X 12' Other (specify below)
 3' X 3' 4' X 8' 6' X 8' 6' X 19'

6) e **If used under GUARDRAIL, CABLE GUIDE RAIL or CHAINLINK FENCING...**

1 Choose Material POST HOLE options: Non-Punched Punched Punched & Perforated (slit)
 2 What is the On-Center (OC) POST SPACING? _____
 3 What is the POST TYPE? _____

6) f (wood post [specify size], standard I beam, diameter of chain link fence post, etc.)

4 Should Post Punch Be Located in the CENTER of the width of material, or OFF-SET?
 Center Punched Off-Set Punched * Requires Drawing To Proceed With Production.
